

2022 Membership Subscription Renewal

It was agreed at the 2010 AGM that all AGM documentation, any General Meeting documentation, annual membership renewals and general circulars/flyers will, in future, be circulated by **e-mail** unless specifically refused on the membership form, or at any other time.

The annual membership subscription is due on the 1st January 2022. If the subscription is not received by 1st March 2022 you will be removed from the register of members and will receive no further communications from the Club. However, you can be reinstated to the register by paying a re-joining fee of £5, plus the annual subscription between 8th February and 30th June 2020.

If your membership was approved after 1st October 2021, or you have already paid your subscription for 2022, no further fee is needed.
